

Job Opportunity: Controller

About L2L

L2L is a leading SaaS platform for global manufacturers. We help manufacturers achieve world class performance by digitally unifying their people, processes, and machines. Our Modern EAM/CMMS solution unifies complex plant processes for over 130,000 users around the globe, helping them reduce machine downtime, improve response time to production issues, and dramatically improve operating efficiency. With world-class customer retention and NPS, and the backing of M33 Growth, a Boston-based growth equity firm that provides both capital and resources to develop already-great businesses into market leaders, L2L is positioned for strong growth for years to come.
